These resolutions were indefinitely postponed by a majority of one vote. -Cin. Gaz.

SENTENCE.-Judge McClure on Saturday last sentenced James Kelly, the youthful murderer, to an imprisonment in the Penitentiary for the period of seventeen years and six menths, on various indictments under which he was convicted. In doing so his Honor distinctly indicated that is the opinion of the Court, a ces. still more serious punishment-that of denth-was warranted by the crimes of which the prisoner had been guilty; and that whatever blood the prisoner might hereafter shed could not attach itself to the skirts of that Court. I was prostrated by that ter-rible scourge Consumption in May last. The attack was truly horrifying to me, for five of our 'amily, (my brothers and sisters,) had died of Consumption. I was afflicted with nearly all of the worst features of the disease, I had a distressing cough, and expectorated a great deal of blood, hectic lever, severe pains in the side and chest, cold chills, alternating with

flushes of heat and copious night sweats. I was under the care of a skilled physician, from the time I was taken sick until about six friends considering my case hopeless, or at least beyond the reach of our physician's skill, advised the use of "Wistar's Balsam of Wild Cherry." Without my knowledge my father procured it, and commenced administering it to me, and from the first day that I commenced taking it, my health improved, and in two weeks from the time I commenced using it, I was able to be out and oversee my business, and labor, which I still continue to do. I have taken four bottles of the medicine, and now consider myself perfectly well.
